MEN WHO HELPED MAKE PORTSMOUTH

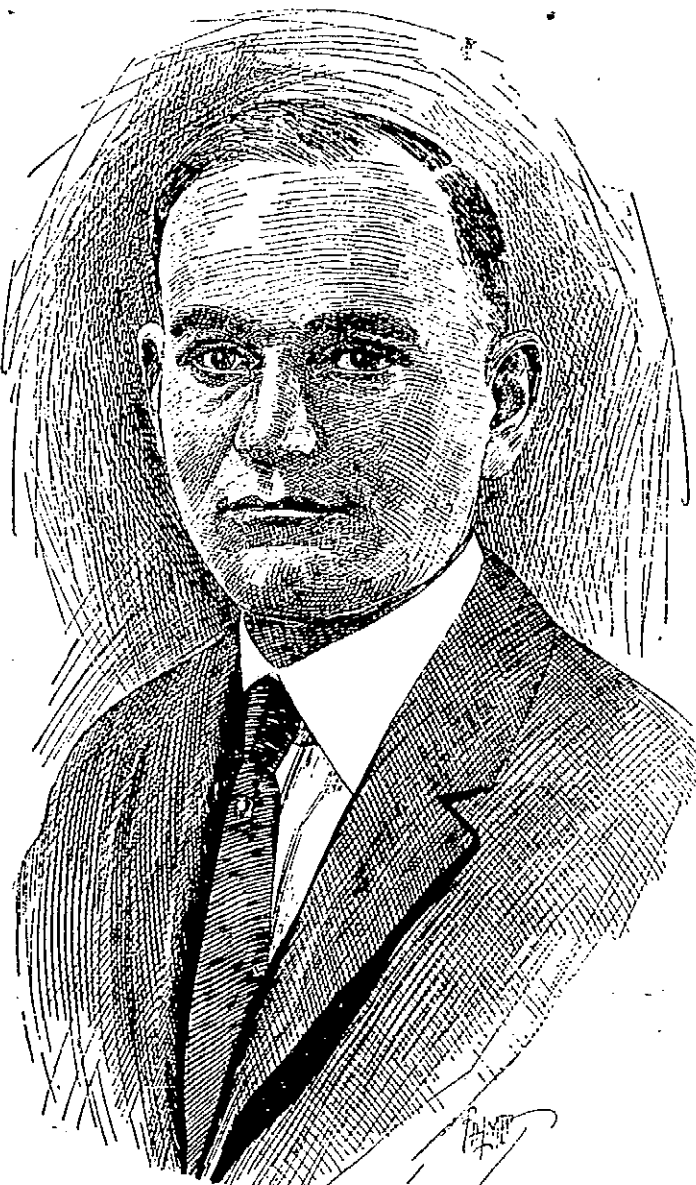

Brief Sketches of Their Lives, Which Should Be An Inspiration to All; Opportunities In Portsmouth for the Hard-working, Conscientious Young Man Just As Good As Anywhere Else In The World

For the past ten years Harry L. McNeer has been actively identified with the business life of Portsmouth through The McNeer-Nash Company automobile business of which he is president.

Harry Lucian McNeer was born near Union, Monroe county, West Virginia, April 16th, 1891. At the age of fourteen his parents moved to Jackson, Ohio, where he finished his common school education. At the age of seventeen years he began teaching school. This he continued for two years, after which he took a business course in Columbus, Ohio. After completing this he worked one year for The Scarborough Map Company of Indianapolis as "Pathfinder," mapping out automobile tourists' routes which carried him through Tennessee, Kentucky, Indiana, Illinois, Missouri, Kansas, Oklahoma, Nebraska, Iowa, Wisconsin and Ohio. This work was done by motorcycle and 20,000 miles was covered in this year's work.

In 1913 he engaged in the motorcycle and bicycle business in Jackson, Ohio. In December, 1914 he moved to Portsmouth, continuing in the same business until 1921 when the agency for the Nash automobile was added to his business.

Mr. McNeer is a member of the Methodist Episcopal church at Jackson. He is a member of Portsmouth's newly organized Lions' Club. He was united in marriage to Miss Mary Luty, and is the father of two children, Harry Jr. and Eugene Harry.

5 Perish, 6 Hurt In Hotel Blaze

GRAND RAPIDS, MICH., April 2.—(By the Associated Press)—Five persons dead, six injured and several missing, make up the casualty list of the fire that virtually destroyed the Livingston Hotel last night and early today with a property loss estimated in excess of \$250,000.

The dead are: Bessie Marlowe, 32; Reed City, Mich.; Giles Wade, Grand Rapids; Edward Sargent, St. Paul, Minn.; John Kelley, 60, Grand Rapids; Miss Jennie Evans, 60, address unknown.

Miss Marlowe was killed when she leaped six stories to the ground. Sargent attempted to jump two stories from the hotel to the roof of the Hebl building and fell between the two buildings. The charred body of Wade was found in the ruins today. Origin of the fire which started in the rear of the hotel between the fourth and fifth floors, is undetermined. A flooded basement crippled the plans of the Herald and this morning's edition was printed at the office of the Grand Rapids Press.

15 SUCCUMB TO DRINKING DENATURED ALCOHOL

TOLEDO, O., April 2.—(By the Associated Press)—Toledo's death toll in the canned heat and denatured alcohol orgy which began Sunday, reached 15 today with three men dying in the municipal hospital. The latest victims of poison are:

Harry Oatis, 44, a former city fireman.
Charles O'Donnell, 55, Buffalo, N. Y.
Phillip Miller, 46, Toledo.

Those in the hospitals are Jack Davis, 35, Brooklyn, N. Y., and William Kronin, 44, Boston, Mass.

Seven men died Sunday night and Monday.

There are half a dozen men in hospitals here suffering from alcoholic poisoning. Physicians expect two of them to die.

Police today began a drive against druggists and others who have been selling denatured alcohol for beverage purposes, and arrested Meyer Selzman, 25, druggist, and two of his clerks, Harry Porter, 70, and Martin Bracker, 24. Bracker and Porter admitted, police said, that they are not registered or licensed druggists' clerks.

Bottles Not Labeled

To police, Porter and Bracker are said to have made statements that they were instructed by Selzman to sell denatured alcohol without labeling the bottles. Selzman denies issuing such instructions. Whenever a well dressed customer asked for denatured alcohol, the clerks are said to have told the police, the bottles were properly labeled, but otherwise the poison was sold in unmarked bottles.

Federal action against Selzman was promised by prohibition enforcement officers who say Selzman admitted to them that he knew his customers were using the denatured alcohol for beverage purposes.

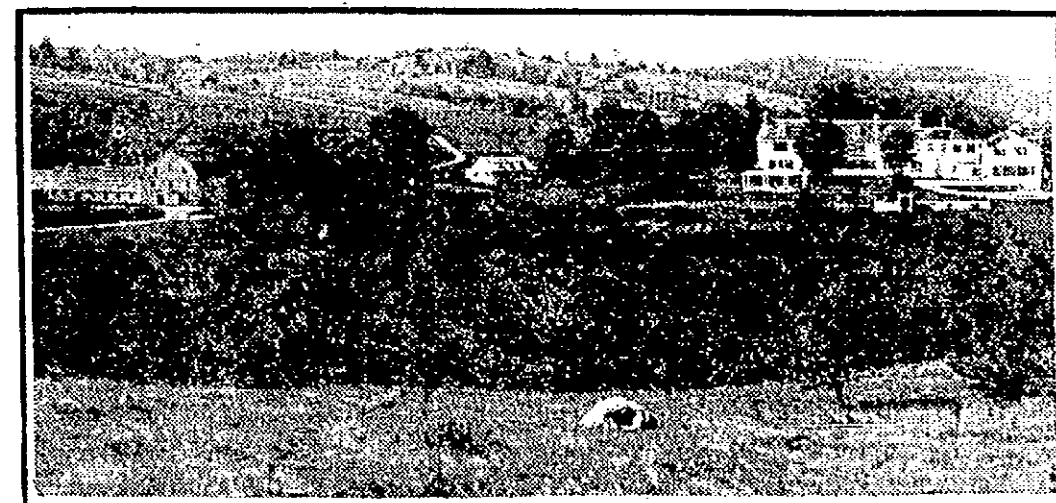

James Ryan, 32, was arrested by the police a few minutes after he left Selzman's drug store this afternoon. Ryan had a pint bottle of denatured alcohol with him when arrested and said Selzman's clerk, Bracker, had sold it to him. James Carter, 35, arrested a short time later, said he had purchased 12 bottles of the poison at Selzman's in the last few months. Harry Oatis, 44, and William Hickey, 46, were arrested as witnesses.

Big Supply Seized

Police and federal agents seized six gallons of the alcohol at the Selzman drug store.

There was a marked drop today in the sale of canned heat, from which the alcohol has been extracted for beverage purposes, according to a survey made of the places where this article is handled. Legitimate handling of the article cannot be prevented, the city legal department ruled today.

Probable Summer White House

The home of Walter A. Brown, near Wilmington, Vt., has been offered President Coolidge as a summer White House, and it is said Coolidge is inclined to accept the offer if he finds it possible to get away from his desk this summer.

Smith And Lafollette Lead In Wisconsin

MILWAUKEE, WIS., April 2.—Al Smith, governor of New York, was leading William G. McAdoo and Robert M. LaFollette, United States senator for Wisconsin, in a substantial lead over President Coolidge for delegates-at-large to the Democratic and Republican national conventions, respectively, as returns from yesterday's primary were received today over crimped wire service.

Returns from 543 out of 2,374 precincts gave LaFollette delegates at large, 69,576. Coolidge delegates at large, 32,761. The majority of the vote reported up to noon was from towns and cities with very little of the rural vote showing.

Returns from 487 precincts out of 2,374 for the Democratic delegates at large, gave Smith, 14,109; McAdoo, 9,769.

President Coolidge probably will have several district delegates according to political observers, although district returns were too meagre to indicate results.

McAdoo was leading in the presidential preference primary where Senator James A. Reed, of Missouri, was his only opponent.

Wet organizations in both Milwaukee and in numerous out state counties during the last few days worked for Governor Smith's delegates.

In Milwaukee's city election, Mayor Daniel W. Hoan, Socialist, was leading David Rose, non-partisan, in the race for mayor by \$721 when 166 precincts of 242 in the city had reported.

Re-election of Daniel W. Hoan, Socialist mayor of Milwaukee, is conceded by supporters of his opponent, David S. Rose, non-partisan.

Complete returns from Racine and Kenosha counties and the first definite returns from Milwaukee county gave Coolidge delegates a slight advantage over the position they held last night. With 460 precincts out of 2,374 in the state reported, LaFollette delegates had 48,901 votes and Coolidge 26,592.

Boil Causes Death

MARION.—Blood poisoning caused from a colored shirt rubbing on a boil, caused the death of J. Franklin Spenger, forty-four.

The operators demanded a lower wage scale while the miners asked a three-year contract which caused a deadlock in the conference shortly after it began last Thursday.

40,000 Coal Miners Strike

KANSAS CITY, MO., April 2.—(By the Associated Press)—Forty thousand coal miners in Missouri, Oklahoma, Kansas and Arkansas, are idle today as a result of the failure of representatives of the Southwestern Interstate Operators' Association and miners to reach an agreement on a new wage scale before their conference here ended last night.

The operators demanded a lower wage scale while the miners asked a three-year contract which caused a deadlock in the conference shortly after it began last Thursday.

INCOME TAX COLLECTIONS REACH \$480,000,000

WASHINGTON, D. C., April 2.—(By the Associated Press)—March collections of income and profits taxes—the bulk of the first quarterly payment on last year's incomes and profits—aggregate approximately \$480,000,000 about \$17,000,000 greater than collections in the same period last year.

Strawberries and New Green Beans Arrive In April Snow Storm

NEW YORK, April 2.—(By the Associated Press)—Mild April, tongue in her cheek and tragedy in her wake, all day yesterday, crashed deep thunder spat forked lightning, blew from the northeast at forty-five knots, and whipped to mad fury a snow storm which made slush and snowdrifts from the Virginia Capes to Eastport, Maine, all in striking contrast to the arrival in New York of the first Louisiana strawberries and new green peas from California.

Snow clouding the vision of a motorist brought on a collision of elevated trains in which one man was killed and thirteen taken to the hospital with broken bones and other injuries. Piling on the tracks, the drifts delayed and held up trains in Baltimore, caused the postponement of the races at the Bowie track, in Washington.

EX-DEAN OF COLUMBIA UNIVERSITY GETS CALL

WASHINGTON, D. C., April 2.—(By the Associated Press)—Harlan Fiske Stone, of New York, has been selected by President Coolidge as attorney general.

Mr. Stone has served since 1910 as dean of Columbia University Law School and recently resigned to become an active member of the New York law firm of Satterlee, Confield and Stone. He received his law education at Amherst and Columbia and was admitted to the New York bar in 1908. He is a director of the Atlanta and Charlotte Airline Railroad Company, and other corporations and is a Republican, although, he never has taken a leading part in politics.

Summoned to Washington yesterday Mr. Stone had a breakfast conversation today with President Coolidge and was presented by the president to a number of his callers, including the Republican leaders of the senate.

In selecting Mr. Stone, White House officials said, the president believes he has been able to accomplish the purpose he announced yesterday of finding a \$75,000 or \$100,000 man to serve in a \$12,000 job.

The prospective attorney general is not a stranger to the president, the two having been friends since college days at Amherst. Mr. Coolidge received his bachelor's degree one year ahead of Mr. Stone.

The names of Mr. Stone and Chief Justice A. H. Ruger, of the Massachusetts supreme judicial court have been the two most prominently considered by the president from the time of the retirement of Mr. Daugherty and decision finally was made on Mr. Stone because of the executive feeling that Massachusetts already had more than her share of high federal officials.

Mr. Stone has been on leave of absence from Columbia for a year and his resignation as dean of the law school is effective at the end of the school year in June. The resignation now will be made effective immediately upon his appointment by the senate. However, his nomination was not sent to the capital today. Selection of Mr. Stone doubles the representation of New York in the cabinet as Secretary Hughes is accredited to that state.

WHITE SAYS DOHNEY CONTRIBUTED ONLY \$34,900

WASHINGTON, D. C., April 2.—(By the Associated Press)—With George White, former chairman of the Democratic National Committee in the witness chair, the all committee renewed its wrangling today as to the accuracy of testimony relating to campaign contributions.

Senator Spencer, Republican, Missouri, asked White if he knew what contributions had been made to the Democratic fund in the 1920 campaign by E. L. Dohney and Harry F. Sinclair.

Announcing that he would not object to the questioning of White on this line, Senator Walsh, the committee prosecutor, said the testimony sought was nevertheless wholly irrelevant. He deemed it important to show large contributions by oil men to the Republican campaign fund, he said, because from it there might come a legitimate inference that Republican officials were influenced unduly by oil money.

Senator Spencer insisted and White said Sinclair made no contribution to the Democratic fund. Dohney had given \$9,000 during the campaign he said, and \$25,000 afterwards to help wipe out a deficit. When his attention was called to Dohney's testimony that his contribution had been \$75,000, White said the California oil magnate was mistaken.

Senator Walsh recalled that Dohney's memory for figures was faulty in the case of the payments made for the legal services of Wm. G. McAdoo. After a session lasting fifteen minutes the committee adjourned until next Monday, because of the absence of other witnesses.

GRAIN EXPORT BILL GIVES COOLIDGE PERPLEXING PROBLEM

BY DAVID LAWRENCE
Copyright, 1924

WASHINGTON, April 2.—President Coolidge has been brought face to face with the most perplexing piece of legislation of the present session—the McNary-Haugen bill. Senator Cummings of Iowa has asked the President to lend his influence to a movement which has for its object the passage of the McNary bill ahead of tax and bonus legislation.

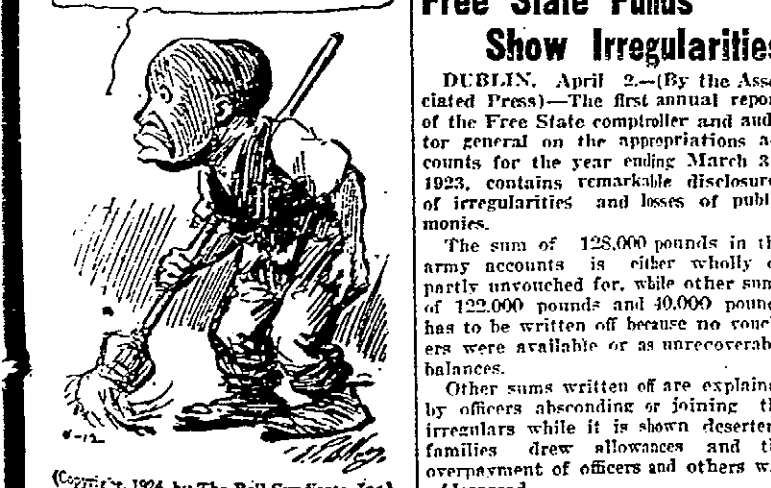

Mr. Coolidge's views were not disclosed by the Iowa Senator when he left the White House but it may be taken for granted that unless the McNary-Haugen bill is materially altered it will not only fail to get Presidential sanction but may even be vetoed.

No measure in recent years contains more controversial points, no measure, indeed, has aroused so much opposition as no bill with its problems of enforcement has been presented seriously in the last ten years with the possible exception of the Volstead act.

Free State Funds Show Irregularities

DUBLIN, April 2.—(By the Associated Press)—The first annual report of the Free State comptroller and auditor general on the appropriations accounts for the year ending March 31, 1923, contains remarkable disclosures of irregularities and losses of public monies.

The sum of 128,000 pounds in the army accounts is either wholly or partly unaccounted for, while other sums of 122,000 pounds and 30,000 pounds has to be written off because no vouchers were available or as unrecoverable balances.

Other sums written off are explained by officers absconding or joining the irregulars while it is shown deserters' families drew allowances and the government of officers and others was widespread.

Engineer Dies In Wreck

RICHMOND, VA., April 2.—(By the Associated Press)—The Atlantic Coast Line Railroad's "Florida Special" bound for New York, was derailed today near Woodford, Va., resulting in the death of Engineer W. L. Snelson, the serious injury of Fireman J. G. Grady, and the shattering up of a number of passengers. Eight coaches and the locomotive left the rails.

LOS ANGELES, CALIF., April 2.—(By the Associated Press)—Skeletal remains of what appears to have been an ancient tribe of vegetarian Indians, are being studied by scientists here as a result of excavations made near Coolidge, Fresno county, by S. M. Purple, geologist. Parts of a skull discovered by Mr. Purple, indicated, he pointed out, that the remains belonged to Indians of varying primitive type. The shape and condition of the teeth he said, showed their possessor lived on grass and herbs.

CHARGES TO BE PREFERRED AGAINST OFFICIALS

COLUMBUS, O., April 2.—(By the Associated Press)—Charges of a general nature, including failure to enforce the prohibition laws and to stop gambling, ordered prepared by the attorney general's office at the instance of Governor Donahy, were to be filed today against Mayor C. C. Curtis and Safety Director E. E. Curtis.

The governor last night asked the attorney general to assign an attorney from his office to prepare the charges against the two Canton officials and to represent the attorney general at the hearing. Attorney General Crabbe named John W. Brinker, special counsel for the utilities commission.

Neither the governor nor the attorney general would disclose contents of affidavits which would have been filed against the two officials until after the charges had been filed.

600 Lunatics Face Hunger

RELFEST, April 2.—(By the Associated Press)—The six hundred inmates of the Donegal Lunatic Asylum have been practically without food because of the strike of the attendants, who kidnapped the one-man cook on duty, leaving only a woman to care for the hundreds of demented sufferers.

Several dangerous lunatics, taking advantage of the strike, have broken through the cordon of civic guards outside the building and made for the countryside in search for food. They are being pursued by hastily formed parties of farmers.

Panic In Movie Theatre

MEXICO CITY, April 2.—(By the Associated Press)—The short-circuiting of an electric wire in a motion picture theatre at Tacubaya City, a suburb of the capital, last night caused a fire and subsequent panic in which twenty-five persons are known to have been killed and at least fifty-six injured.

The wire, carrying high voltage, dropped from above and hung neck high in the main aisle, bringing death to those touching it in the mad scramble for the exits. Many were seriously injured or trampled to death under the feet of the stampeding crowd.

Folks that are lookin' for thrills and somethin' to talk about beside their neighbors, are gettin' it in this weather. Here's for tomorrow:

Petitions Against Increased Toll Rates Circulated Here

Petitions protesting against the proposed increase in toll rates contemplated by the Bell Telephone company, are being circulated in the city by C. J. Barry of Columbus, who represents the State Citizens' Association, formed by Columbus business men opposed to such an increase.

According to Mr. Barry the schedule of rates as filed by the Bell people with the state Utilities Commission would mean an increase of 10 per cent on each three minute call and a 10 per cent increase for each minute over three minutes.

At the local office of the Bell Telephone company a list was stated that no toll had been received as yet when the Public Utilities Commission would have a hearing on the company's petition for an increase.

The petition has been signed for the hundreds of those opposed to the increase and will be filed with the Public Utilities Commission within a short time.

Wright Fined; Machine Confiscated

Admitting guilt of possession and transporting liquor unlawfully when brought into Municipal court Wednesday, Parish Wright, 49 years old, of Mt. Joy, was fined \$500 and costs by Judge Sprague and committed to the county jail in default of payment. The Ford automobile in which the liquor was found was also forfeited to the state by an order entered by the court.

Wright was taken into custody on Scioto Trail about 8 o'clock last night by Officers Bard and Leiber acting on a complaint made by a man who claimed that he had some trouble with Wright a short time before over some gasoline. A search of the auto resulted in the uncovering of five gallons of "bootch" which Wright claimed he bought from a stranger at Miller's

Rm. near Leesville. Henry Bredemer, plumber, who was driving the machine, was also placed under arrest and after he denied all knowledge of the presence of the liquor in the car, declaring that he was picked up by Wright as he was waiting along the Trail, Judge Sprague continued his case until his story can be investigated.

The coming of one of the foremost American singers to Portsmouth is keenly anticipated by the music lovers of the city and surrounding territory.

Woman Held After Checks Are Found

Mrs. Eva Ward, 20 years old, claiming to be a bride of two weeks, was taken into custody last night by the police and locked up at the city jail for investigation in connection with several alleged bad checks found in her possession. She was arrested at the Winkle store on Gallia street, near Gay, by Officer Charles Zeigler after it was claimed she was preparing to tender an invalid check bearing the forged name of E. D. Spangler, proprietor of the Pennant bowling alley in the sum of \$150 in payment for a pair of shoes she had picked out.

Other alleged worthless checks found in possession of the young woman, which she claims to have found on the street, are being investigated by the police department and will likely result in the filing of charges against the prisoner, who, when questioned by Chief Arthur declared her innocence of forging the checks, insisting that she picked them up when walking along Chillicothe street near the Lyric theatre, yesterday. She claimed that she was only married two weeks ago to Warden Ward and that she lived with her husband on Sterling avenue, New Boston.

It is claimed that Mrs. Ward attempted to pass bad checks at The Fashion, W. W. Kelly book store and other establishments yesterday.

To Make Boy's Good Citizens Is Aim Of Mooseheart Speaker Tells Kiwanians

At Wednesday's meeting of the Kiwanis club, the members had the pleasure of listening to an address by Frank Lutz, personal representative of Secretary of Labor Davis, one of the really big men of President Coolidge's cabinet. Mr. Lutz, who spoke for forty minutes, pleaded for the citizenry of the country to get behind the underprivileged child life of the nation, thereby helping to elevate the standard of life. His talk was based on facts as gleaned through investigation. He told of the family of 2500, the product of a man whose education and spiritual development had been sadly neglected—where but eight of that family had learned a trade—and six of them getting that trade behind prison bars—how there was not one who would average up with the ideal of citizenship, and concluded with the statement that that one family had cost the taxpayers \$2,500,000.00. He contrasted that with a man who was educated and whose environment was ideal—how this family furnished a vice-president, six United States senators and more than thirty congressmen, numberless ministers—and never cost the taxpayers a red cent. He closed his address by pointing a picture of "Mooseheart," where he stated it was the aim to make boys into good citizens.

Postmortem Examination Held

A post-mortem examination of the body of Arthur Grat Lockhart, 19 years old, who died early Tuesday at the post mortem, any further action in the case being left to County Prosecuting Attorney S. A. Skelton. The body has been returned to the home from the Daehler morgue and funeral services will be held Thursday with burial in Greenlawn.

Mr. and Mrs. James R. Lockhart, parents of the young man, and three young children have recovered from slight attacks of pneumonia poisoning which developed soon after they had finished their noon day meal Sunday. Coroner Fowler's authority in taking action against the person from whom the meat was purchased, ended the case.

It showed that an injury to the bowels, induced by pneumonia poisoning caused death. It is thought that tainted meat served at the family table Sunday noon caused the poisoning. Coroner Fowler's authority in taking action against the person from whom the meat was purchased, ended the case.

VIOLENCE AT ELECTION

CHICAGO, April 2.—(By the Associated Press)—Two men are dead, several are in hospitals with bullet wounds and two score others including a number of women, are suffering from beatings as a result of yesterday's elections in Cicero, a village within Chicago and Linden township, a suburban district. Armed guards surrounded election officials last night as they counted ballots and Chicago police and detective squads surrounded county authorities in efforts to maintain order. Schick Test To Separate Susceptible From Protected

(This is the third of a series of six articles on the prevention of diphtheria, prepared by representatives of state and local health departments, public and parochial schools and medical societies.)

Some children are naturally protected from diphtheria, some are susceptible. How are we to separate one from the other so as to protect those who have been neglected by nature? As we saw in the last article, protection from diphtheria depends on the presence of antitoxin in the blood. If antitoxin is present in the blood, the diphtheria toxin is neutralized and can do no harm. If no antitoxin is present, no protection exists.

The presence or absence of antitoxin in sufficient quantity to protect is determined by the Schick test, named after Dr. Von Schick, an Austrian physician, its discoverer. Dr. Schick found that a very minute amount of diphtheria toxin injected under the skin of the arm would cause a redness and swelling about the size of a dime if the individual tested did not have enough antitoxin to protect

him from diphtheria. If sufficient antitoxin was present, there was no redness or swelling. The test was found to be perfectly harmless because of the very minute amount of diphtheria toxin injected. It is not painful because the test material is put into, not beneath, the skin. Over 250,000 children have been Schick tested in New York and more than 50,000 in Ohio without a single bad result.

The best thing about the Schick test is its constancy. In children over one year of age a negative Schick, that is one in which no redness or swelling develops, will remain negative for years, indicating that the individual is probably permanently protected from diphtheria. So reliable is the test that the state and local health departments issue certificates of immunity to those who are shown by it to be protected from diphtheria.

Walter Dickey, chairman of the membership committee, reported that the drive for new members is progressing nicely, and declared that the campaign promises to be highly successful. It was made plain that the club membership is not limited to city republicans, but that the club is a county organization and open to any and all Scioto county followers of the G. O. P.

Tax Reduction and Bonus Measures Will Be Passed

WASHINGTON, April 2.—Assurances that the tax reduction bill would be passed this session, and prediction that the soldier bonus bill would be enacted into law before congress adjourned, were made today by Chairman Smoot of the senate finance committee as leaders of both parties and President Coolidge centered attention on the legislative program.

Senator Smoot told the senate the tax bill probably would be ready for a report to the floor by Saturday.

A drawn out discussion with Secretary Mellon today on the tax bill forced over until tomorrow conclusion of the hearing of the treasury before the finance committee.

Coolidge Takes Hand
President Coolidge took a hand during the day in the senate legislative session, discussing programs with several senators at individual conferences. He was said to favor immediate action on the revenue bill.

Senator Smoot's declaration on passage of the tax bill was prompted by

an appeal from Senator Walsh, Democrat, Massachusetts, a member of the finance committee, to give assurances to the country that there had been no unnecessary delay in handling the measure. Senator Robinson, Arkansas, Democratic leader, stated the position of the party, in outlining a legislative program by calling for quick action on both the revenue and bonus bills.

Senator Smoot said Republicans had pressed disposition of the tax bill with as much speed as was safe.

Estimates on both the bonus and tax bills will be placed before the finance committee tomorrow when the hearing of Secretary Mellon is concluded.

Mr. Smoot predicted that there would be votes enough in the senate to override a presidential veto of the bonus bill and, therefore, he declared, the committee would probably have to include the annual cost of the measure in considering tax reduction. The cost of the bonus bill passed by the house has not been determined definitely.

DAUGHERTY LAUDS HIS ASSOCIATES FOR DEPARTMENT EFFICIENCY PEAK

WASHINGTON, April 2.—(By the A. P.)—The department of justice made public today letters written by Harry M. Daugherty to his associates on his retirement from the office of the attorney general. In each of them Mr. Daugherty emphasized his pride in the achievement of the department during his administration and gave full praise to his co-workers for all results obtained.

To assistant attorney general Seymour Mr. Daugherty wrote:

"The president has seen fit to request my resignation as attorney general. In view of my high regard for the office he holds, and the high regard I have for the office of attorney general, as well as myself respect, I shall promptly comply with his request."

After declaring "the department of justice at this moment is at the peak of its strength and efficiency," Mr. Daugherty said, "those who for reasons of their own have seen fit to make attacks upon it have not even made a dent in it."

"A peculiar situation," he said, "has moved the president to consider asking my resignation to be the wisest course for him to pursue. I do not agree with the president in this matter, which is the first in which I ever disagreed with him, but he is the president of the United States, and his wish in regard to retention of a member of his cabinet must be acceded to."

"No official act of mine as attorney general will ever be found to have been performed except with good conscience and influenced only by the merits of the cause upon which I acted."

May Join Law Firm

NEW YORK, April 2.—Hunters that former Attorney General Harry M. Daugherty would join the law firm of Baldwin, Hutcheson & Todd, of 120 Broadway, would neither be confirmed or denied by Hiram C. Todd, the only member of the firm who was reached today.

Mr. Todd denied emphatically that Mr. Daugherty was a member of the firm. He was non-committal when asked whether negotiations to that end were in progress.

Friend Defends Kenyon's Record

FORT DODGE, IOWA, April 2.—Efforts to prevent appointment of Judge W. S. Kenyon of Fort Dodge, Iowa, as attorney general on the grounds that he is a radical and "dangerous to business," were branded as "unfair and false," in a statement made public today by Frank Maher, Republican leader here and a close friend and confidant of Kenyon.

"Easterners who are so anxious to keep Kenyon out of the attorney generalship either are deplorably ignorant of the man's record, or else they are prompted by ulterior motives," declared Mr. Maher. "Charges that the judge would be dangerous to business are unfair and false."

WASHINGTON, April 2.—National trophies will be given by Mrs. Calvin Coolidge at the White House on June 14, flag day to girls and young women essayists who best describe the reasons why young men they know should attend the citizen's military training camps conducted each summer by the war department.

The national trophies will be awarded the girl not less than 13 nor more than 19 years of age, whose answers to the question "why a young man should attend a citizen's military training camp" are adjudged the best to be submitted.

The essay is restricted to 300 words and will be judged on its "originality, expression and sincerity."

Underwood Gains In Strength Report

WASHINGTON, April 2.—(By the A. P.)—Reports from various states show that at this time Senator Underwood, of Alabama, is generally regarded as the most available candidate who can be nominated for president by the Democratic party. Charles C. Carlin, chairman of the national Underwood campaign committee, declared tonight, in his first public statement with reference to delegations which have recently been elected.

"In Maine," the statement read, "a poll of the delegates to the Democratic national convention, has disclosed the fact that Senator Underwood has eight, the remaining four being divided between Mr. McAdoo and Mr. Smith."

It is believed the delegation will be unanimous for Underwood when it reaches New York.

"In the state of New Hampshire, the delegation is unrestrictedly committed, but, from the best information obtainable, the majority are for Senator Underwood."

Congressman McSwenney urged greater safeguards for lives of miners and other workers. He pleaded his support of the McNary-Norris bill or any other measure which will bring relief to the farmers.

Other speakers included George W. Savage, Columbus; William Roy, Belaire, and Thomas J. Price, Midvale, state mining officials.

A train of the Interborough Rapid Transit company smashed its way into the rear of the Brooklyn-Manhattan Transit company train, which had stopped to take on and discharge passengers. Both trains were made up of wooden cars.

Mr. Average Man

Here's a shaving cream made to meet your ideas. Better in five big ways.

By V. K. CASSADY, Chief Chemist

Gentlemen:

This is a free test. It involves no cost. We ask it as a courtesy to us, and in justice to yourselves.

Millions of men have made it. The result has been five new ideas of what Shaving Cream can do.

The result has been dramatic. A great percentage of men have, in three years, changed their shaving methods.

And so will you. No one can know these five new delights without wanting them—and always.

How the change came about

We experts have developed some great advances in soap making. Some of the greatest soaps for every purpose have been perfected here. One of them—Palmolive Soap—is the leading toilet soap of the world.

The line we long neglected was a Shaving Cream.

Some years ago we decided to attain supremacy in that. First we consulted 1,000 average men as to what they most desired. They voted on five things, almost unanimously. And we set out to meet their requirements.

That took us 18 months. We made up and tested 130 separate formulas before we met, in the utmost way, these five great requirements.

Now we ask your verdict

Now we simply ask your verdict. Don't buy a package, but accept a sample. Do what countless men have done.

If the Shaving Cream you use does these things, go on with it. It's a wonderful shaving cream. If it does not, then let us show you that these things can be done.

We want to please you—that is all—better than others have done. We have no room in this line if we do not.

But we who have worked to do that, as we have worked, deserve a hearing from you. That is all we ask. Clip the coupon now, so you won't forget to ask for this free test.

Excels in these 5 ways

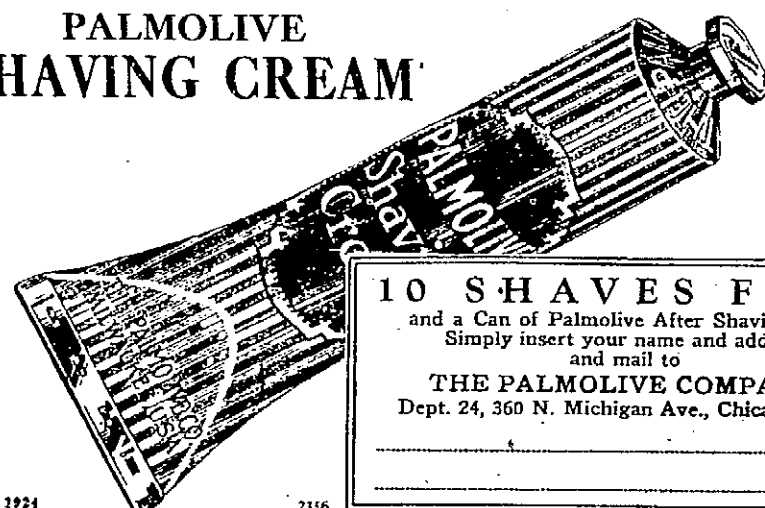

Palmolive Shaving Cream excels in these five important ways:

- 1—Abundant lather. It multiplies itself in lather 250 times, so a tiny bit suffices for a shave.
- 2—Quick action. It acts in one minute. Within that time the beard absorbs 15% of water.
- 3—Lasting lather. It maintains its creamy fullness for ten minutes on the face. No re-lathering.
- 4—A clean shave. The extra-strong bubbles, acting like wedges, hold the hairs erect for cutting. They don't lie down.
- 5—Fine after-effects. The pain and olive oil blend makes a lotion unnecessary. The skin is left in fine condition.

To add the final touch to shaving luxury, we have created Palmolive After Shaving Talc—especially for men. Doesn't show. Leaves the skin smooth and fresh, and gives that well-groomed look. Try the sample we are sending free with the tube of Shaving Cream.

There are new delights here for every man who shaves. Please let us prove them to you. Clip coupon now.

Jazz Snowstorm, Thunder Obligato, Sweep Gotham

NEW YORK, April 2.—(By the A. P.)—A jazz snowstorm in which winter staged a rough dance with spring to a thunder obligato and lightning novelty effects and finally tired out its frail partner, swept the Atlantic states today. The freak storm was said to have set an April record in New York and in most of the country it visited. Winter sifted down a fluffy snow to a depth varying from four and a half inches in Connecticut to eleven inches in Baltimore's suburbs. In all instances, the snow turned directly to slush. It struck the ground, it carried down telephone and telegraph wires about New York interfered with harbor shipping, delayed commuters' trains and was responsible for a rear-end collision of elevated trains resulting in the death of one man and injury to fifteen others. Several thousand street cleaners, with an augmented battery of snow

today and asked for a dime's worth of confections. The clerk turned from the shelves to face a small automatic pistol in her hand and one in each hand of the male companion. He backed into a rear room at their orders. There they were confronted by 15 girl employees and the cashier, Mania, who had just come in with the pig roll sack.

The girl did the bossing; her companion worked under her direction. They started herding the 17 into a smaller room, that they might work at the office safe uninterrupted. Mania suddenly seized her wrist with one hand and tore at her heavy impossible coil with the other. She threw him off, sent him stumbling into the prison room and slammed the door. Then she fired three shots through the door, all of them hitting Mania who had fallen to the floor from the force of her push.

Girl Bandit Shoots Would-Be Captor
NEW YORK, April 2.—(By the A. P.)—Brooklyn's blonde bodied hair bandit, who has evaded through a score of daring hideouts in the past ten weeks, shot to kill today when capture seemed imminent after a frustrated attempt to hold up 17 employees of the Brooklyn plant of the National Discount company. Her victim, Nathan Mazzio, lies dangerously wounded in a hospital, attending physicians declaring he has but a slight chance to recover. He has two bullets in the chest and a third in the thigh.

Today's attempt was by far the most daring and dangerous defining in the girl's meteoric career of banditry. A career which she has pursued in spite of the efforts of 250 city detectives who have sought her and her male companion for three weeks, with orders to "shoot to kill" if necessary.

Accompanied by the inevitable male, she sauntered into the retail department of the plant shortly before noon

YOUTH OF AMERICA APPEAR INTERESTED

NEW YORK, April 2.—A rapidly increasing number of young Americans are becoming interested in foreign trade as a career, according to the Educational Committee of the National Foreign Trade Council. In order to encourage young men in this direction, and to prevent foreign trade being an adventure of ignorance on the part of employers, the committee is arranging a special educational session in connection with the annual convention of the council at Boston next June.

The committee has circulated colleges and universities in the United States which have foreign trade and business courses, inviting them to send teachers and student delegates to the convention. Also it is taking steps to call the attention of exporters and importers, manufacturers and others engaged in foreign trade, to the need of encouraging the war of employment, American youth who show interest in foreign trade as a career.

MILITARY DECREES LOWER FOOD PRICES IN GERMANY

COBLENZ, April 2.—While virtually all Germany has been complaining of high prices, the inhabitants of the Ruhr and Rhineland have begun to enjoy food at much lower cost because of decrees issued by the French and Belgian military authorities which prohibit profiteers from fixing charges to suit themselves.

In Coblenz and other cities in the occupied areas warnings have been issued to merchants cautioning them against price boosting of food in any form. Notices have been posted in the streets, by military order, saying any profiteer tried by court martial and found guilty would be sent to jail or fined. Food prices here are 50 to 60 per cent cheaper than in Berlin and elsewhere in unoccupied Germany.

Poet Laureate Of Britain Visits U.S.

NEW YORK, April 2.—By the A. P.—Dr. Robert Bridges, 50-year-old poet laureate to His Majesty King George V. of England, arrived in the United States for his first visit of America.

Reporters who met Dr. Bridges at quarantine had little success in obtaining an interview other than the poet's prepared statement.

"My opinion of American poets," he said, repeating one of their questions, "That's the very last thing I will talk about."

During the road to possible interviews, some one asked Dr. Bridges what his address would be during the few days he would remain in New York before going to Ann Arbor, Mich., where he will deliver a series of lectures at the University of Michigan.

"Why should I inconvenience myself," was the poet laureate's answer. "When told that President M. L. Leroy Burton was reported to have said he would consider it an honor to the university if Dr. Bridges walked across its campus, the comment of the poet was: 'I hope my picture confirms that impression. But I doubt it.'"

Pastor Captures Bandit

WHEELING, W. VA., April 2.—(By the United Press)—Congratulations poured in for Harv W. Gilbert pursued the bandit as the robber fled down the streets in a hail of bullets. The minister dashed into a hardware store, seized a pistol and some ammunition and gave chase. The bandit was captured by Gilbert when his ammunition gave out.

Says McGraw Was Named By Goodrich

INDIANAPOLIS, IND., April 2.—(By the A. P.)—Further testimony regarding the conference of Republican leaders here last September, at which Governor McGraw's financial affairs was discussed, was given this afternoon by Clyde A. Walb, Republican state chairman and Exing Emison, state manager of the Coolidge Campaign at the governor's trial on a charge of embezzling \$155,000 of the state board of agriculture funds.

Their testimony was intended to substantiate previous testimony regarding the conference, presented by former Governor James P. Goodrich and Joseph P. Keating, Republican national committeeman for Indiana.

Walb testified that the governor asked James P. Goodrich what "he had to say about it," and that Goodrich replied:

"Well, governor, I'll tell you now, as I have told you several times before, to my mind you don't appreciate the seriousness of the situation. You have violated all the state and national banking laws on the statute books."

"That part of the statement referring to violations of state and national banking laws was ordered stricken from the record on objection by the defense."

In addition to the annual ceremonies in memory of its founder, which are held annually at Eton, a college society has obtained permission to lay a wreath on May 21 each year on the spot in the Tower of London where, tradition says, Henry VI was murdered.

Give the children WRIGLEY'S after every meal

A prominent physician says:
"It is surprising how free from decay the teeth can be kept by using gum after each meal."

You know how hard it is to get the children to clean their teeth. By giving them WRIGLEY'S you not only reward them for cleaning their teeth, but the reward is actually the means of performing this important service!

WRIGLEY'S aids digestion too, and acts as an anti-septic wash for the mouth and throat. Several flavors—all of WRIGLEY quality.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—Could you please print in your paper who is the man who pick out people for the Olympic games in this country, and are they going to meet this summer in Paris, France? Please tell me who to see or write to about this.

J. M. W.
The meet will be held in Paris this year, and I should think you could write to the Athletic director of any big college and get full particulars about the entries, if that is what you are interested in. The United States has taken first place in track and field events of the Olympic games since 1896. In 1920 the American team won first place, scoring 212 points, while all the other nations together only won 156. The chief events are the track and field meets. Other events include shooting, trap shooting, rifle shooting, swimming, skating and tennis. The games are held every four years. In 1920 they were held in Antwerp, Belgium.

Dear Dolly—I am coming to you for a little advice. I am aged 19 and I have a job and I want to know if you think that a bachelor of 28 is too old for me? Dolly, there is a well-to-do man of that age trying to get with me and I want to know if he would make me a good husband or do you think that he is too old for me?

It all depends on your personality. If the man is young and kind, and you are old for your age, you might get along all right, but if you would want to keep on flapping around instead of settling down by your own fireside, I would not advise you to marry him.

Dear Dolly—Will you please print a recipe for tartare sauce, for fish or oysters? MRS. N. Y. Z.
You might make it like this: To one cup of oil mayonnaise, use about

2 tablespoons of chopped pickle which has been drained very dry. Scrape about one teaspoon of onion juice into the mixture and add a little chopped capers or parsley.

Dear Dolly—My friend recently gave me an engagement ring and I have been planning to give him a gold watch. Now Dolly do you think that would be proper, or should I give him something else?

WANT TO KNOW:
It would be perfectly all right to give him the watch, but not at all necessary. Simply because he gave you an engagement ring is no reason why you should give him a valuable present. If you want to give him a watch, why not give him a watch-dog ring? I think all married men should wear wedding rings, don't you?

Dear Dolly—I saw in Saturday's Times where someone wanted a mayonnaise dressing made of condensed milk. Here is one which I think very good, and so quickly made:

1 cup of condensed milk
1/2 cup of oil
1/2 cup of vinegar
1/2 cup of sugar
1/2 cup of mustard
1/2 cup of ketchup
1/2 cup of Worcestershire sauce
1/2 cup of onion juice
1/2 cup of pickle juice
1/2 cup of capers
1/2 cup of parsley

Mr. and Mrs. Charles Manifold (Mr. Haggerty) whose marriage was of recent date, have returned to their home in Trinton, after a two weeks' wedding trip to Columbus, Marion and Cleveland. Mrs. Manifold formerly lived in Portsmouth.

The Backus Social club members have arranged for a series of two dances for the enjoyment of the members. The first will be held Friday evening, April 4 from 8:30 until 1:30 with Senorita Elena Camacho and her "Pasadenians" furnishing the music and entertainment.

The second dance will be announced later. This series is for members only and any other married Masons who wish to join at this time. A nominal admission for the dances will attract a large attendance and the dances will be delightfully novel for all who attend.

Finally the trio came to the bank of a queer looking river. "Well have to cross to the other side," explained the boat. "Oh, I don't want to get all wet, and there is no bridge," said Jack. "Don't need a bridge," said the boat, and it walked right on top of the river. (Continued.)

Sallie Peck, employee of the Fair Deal Five & Ten, quarrels with her policeman sweetheart, Michael Curtis. That night Sallie goes into the yard to take down a washing for Ma Brennan, with whom Sallie lives. A crash shakes the earth and something strikes Sallie a blow on the head.

When she regains consciousness the girl finds herself in strange surroundings. A French maid calls her Alva Copeland and Madame Copeland, a tall richly gowned woman, claims her as her step-daughter. Sallie meets Cousin Wheeler, who makes love to her. She resolves to solve the mystery.

She finds out that she is being substituted for the real Alva Copeland, real victim of the wreck.

Michael Curtis becomes suspicious and goes on the trail of the Copelands. He goes for information to a chemist friend.

NOW GO ON WITH THE STORY

The sergeant had seized his hand and was shaking it violently.

"That's all I need to know about it."

Joe? Mike laughed with an odd catch in his voice. "You've helped me more than once before but this is the greatest thing you've ever done for me."

Leaving the amazed little chemist staring blankly after him, he thrust the back of his hand into the envelope and strode from the drug store. Ten minutes later he was closeted with his chief, pleading more earnestly than he ever had before.

"Just a week, Captain! Perhaps I won't be away that long! I have a clue that's the strangest in the world."

"A clue to what, Mike?" The captain thumped his desk in exasperation. "What's the case? You know I sympathize with you in your trouble and I'd let you work on anything that would help to take your mind off it, but I can't have you running off on a wild-goose chase without putting me wise to it first!"

"It's a matter of life and death, Captain. That's all I can say." There was a note of solemnity in the sergeant's tones. "I want to find a cer-

tain person and if I don't, I'll be willing to go back to pounding my head against the wall in the foundry district, he sides!"

The foundry district was the toughest in town and three luckless policemen had been done to death there in as many months by the gangsters who frequented it. The captain's face softened but he sat for a long minute lost in frowning meditation before he turned with a nod.

"All right," he said, a high-handed young man but I'll give you your way this time. If you get in any ink-up where you find you're not the whole cheese, get word to me and I'll straighten you out."

Mike's eyes shone as he drew himself up and saluted stiffly.

"Thanks, Captain."

A half-hour later with all his preparations completed, he started forth upon his quest.

CHAPTER VI
Pais Again.

The Kingsville station had long been locked up for the night and the only signs of life about the sleeping little village were at the garage before going repairs and in the rear of the Italian shoe-maker's, where a lively and apparently open crap game was in progress, when a motorcycle drove up to the baggage platform and its rider dismounted.

After reconnoitering carefully he decided to commence operations by infiltrating a one-man raid upon the dealers of a one-man raid upon the dealers. Breaking in a low side window with the but of his pistol he reversed it and flashed his shield before the astonished gamblers could do more than spring to their feet, and although muffled oaths ran around the circle and more than one knife flashed, that steadily printing pistol's mouth held them back and Mike spoke:

"Police Headquarters, Shaftstown. I want only the shoe-maker. The rest may go."

"Giovanni, he not-a here—" began a sallow little man eagerly, but his erstwhile guests paused in their scurrying exit to denounce him with one acclamation and he bowed to the inevitable.

"What you wanna will me?" he demanded suddenly when Mike had climbed in at the backless aperture.

"Just to ask you some questions, Giovanni. If you'll answer 'em truthfully I'll forget I ever saw this little game, but if you lie I'll take you up for running it and you'll answer 'em over at Shaftstown."

Giovanni protested violently that he was well known as the most truthful man in Kingsville and although he knew nothing he would say whatever the police officer might require, but Mike cut him short.

"All right. What time do you open your shop in the morning?"

"Seex o'clock. Da boys stop before 5 o'clock."

"Never mind about that. Did you open at six last Tuesday morning?"

Giovanni nodded, evidently amazed at this question. Then his dark eyes widened.

"Da day of da beeg wreck—"

"No time to do with the wreck!"

Mike retorted impatiently. "Did you see the seven o'clock trolley from Shaftstown stop at the station over there and a lame lady get out?"

Giovanni smiled and shrugged. "It was not da lady who was creeped, but her shoe! Da heel is loose an' in da station it come off so she limp over here an' I fix-a it on for her. A very fine young senator but in-a da trouble!"

"What trouble do you mean?" Mike asked quickly. "How do you know?"

"She cry. She tink I not-a see but I could not-a help." Giovanni spread out his hands. "She tremb, she shake-a like-a da leaf in da win. I do not know what is dis-a trouble, but it seem like-a she is scared of some-thing, maybe somedid! She mus' go away quick but den-a-a no train, an' she ask of-a me were less-a da garage. I tell-a her dat one, an' wen her heel is-a fix, she go."

He had pointed to the lighted service station before which the long-lined roadster still stood and Mike demanded eagerly:

"Did she hire a car there? Did you see her leave? Which direction did they go in?"

"Sure I see!" Giovanni nodded affirmatively. "She make-a da queek-a da bag" wit' Holloran—hees-a da prop'—an' den she drive-a off like-a da dev' data-a way."

He indicated the turnpike leading to the main State road to New York and Mike exclaimed:

"She didn't drive herself?"

"No, Frank-a Holloran, da son of da prop', hees-a drive da beeg-a red car, an' da lady she sit-a all alone behind."

"What did the lady look like?" Mike reached into his pocket and his informant's eyes began to glisten.

"Like-a da beautiful senator's of our Shilly—ble-ando." Giovanni ran his fingers in ecstasy through his own oily black hair. "Da loetle-a shoe, it is-a so small I can hardly hol' it in-a my han' when I fix-a da heel. She carry a black-a bag, vera fine bag, an' "

WHY GROW FAT?

Druggist Tells of Easy Pleasant Way To Keep Trim Attractive Figure

Thousands of women who have had a trim, stylish figure all their lives, begin to take on weight in early middle life. And because they have heard of "Fat and Forty" and because foolish starvation diets, ridiculous exercises and certain medicines only seem to make their condition worse, they give up all hope and say, "Oh, well, I rather be fat, anyway."

Fat that shows—Fat that comes and stays is not only cumbersome, but may prove dangerous, a decided disadvantage to your necessary activity and pleasure.

So why stay that way?

No special exercises or diets! No dangerous or sickening medicines. Just a cooling, sparkling, aperient, pleasant to take—but quickly and noticeably effective.

Wurster Bros., or any good druggist can supply you with a large bottle of Wendell's Salts, Ambition Brand, for 25 cents and will return your money on the first bottle purchased if you are not more than satisfied.—Advertisement.

she do not-a one time let-a it out of-a her hands—"

"That's enough, Giovanni. I guess that's the lady we've been asked to trace," Mike handed him a bill.

"That's to pay for your broken window, but if I ever hear of your saying one word about this little tack we've had!"

THE GRATEFUL GIOVANNI LET HIM OUT THE BACK WAY.

The grateful Giovanni, swearing the silence of the grave, let him out the back way and he proceeded at once to the garage.

The car at its door was evidently ready for immediate departure, for the mechanics had both drawn aside and a huge, burly individual in a sweater stood talking to a tall man in motorling togs one hand resting on the wheel. He wore a visored cap and his face was in shadow but his companion's was full in the light and it bore a look of honest satisfaction as if at a job well accomplished.

"Listen to her, sir!" he was saying. "Runnin' like a song! She'd not stop on you now every five yards, let alone the smoke and raw gas comin' from her exhaust pipe!"

"Look in the vacuum tank float? God, I might have known that was the trouble!" the man in the visored cap replied and at the sound of his voice Mike stood as if turned to stone, unaware that he was in the direct glare of the lamps. I want to get on to New York as quick as—

"Good Lord, it isn't—Mike! Mike, old scout!"

Mike's heart leaped but the habit of the service long past was strong upon him and he drew him up and saluted as stiffly as he had at Headquarters an hour or so before. This time the salute was interrupted, however, for the other grabbed him and enfolded him in a bear-like hug, to the intense interest of the garage owner and the two repair men.

"No saluting now, Mike! The war's over but not our friendship, I hope."

"Never that, Lieutenant. Trevor!" Mike exclaimed when the man whose life he had saved in France released him. "I little thought to see you in these parts, sir!"

"I motored down from New York only today, and was in too much of a hurry to get back to even stop and inquire for you, Mike." Trevor replied cheerfully. "What are you doing over here, yourself?"

"Just making a few enquiries and then I'm on to New York, too. My motorcycle is just over there by the station." Mike's eyes twinkled. "Maybe I'll beat you in, but if you intend to hit her up a little don't mistake every cop's bike you hear behind you for mine."

"I'll do better than that!" Trevor turned to the garage owner. "Will you have one of your men go over to the station, get this gentleman's motorcycle and fasten it securely to my car? He'll ride in with me."

Holloran complied but Mike remonstrated:

"I'll keep you back for a few minutes, Mr. Trevor, for I want a word with this man here, if his name is 'Holloran'."

"I'll wait till morning—" Trevor began but the garage owner stepped forward with a belligerent air.

"What do you want with me?" he demanded.

"I'm Detective-Sergeant Curtis, Shaftstown Headquarters," announced Mike succinctly. "I'm looking for information about a young woman in brown, with a brown veil, golden hair and yellow flowers on her hat. She carried a black traveling bag and engaged a big red car from you early last Tuesday morning. Your son Frank drove, and they were last seen going in the direction of New York."

Accounts of Missing Naval Officer Short

WASHINGTON, April 2.—Secretary Wilbur advised today that Paymaster Edwin R. Brown, Coronado, California, had been reported missing from the destroyer Somers and an examination of his accounts has disclosed a shortage of about \$120,000.

Paymaster Brown was given leave from the Somers at Mobile, Ala., on March 10. He failed to report when the destroyer left Mobile and wired his commanding officer from New Orleans, asking permission to rejoin his ship at Jacksonville, Fla., March 16. He did not appear at Jacksonville, and when his accounts were examined, the shortage was discovered.

Appetite Gone?

A tempting, delicious looking human dynamo. Your blood cells supply the energy which keeps your body well and fit. Weakened blood cells make you like the storage battery with dry cells—power is lacking—energy gone—productive qualities at the lowest ebb. S. S. S. supplies the red blood cells—the spark that recharges your system.

Mr. James Chaloupka, Sherman School, Chillicothe, Ohio, writes: "I feel like a new man after taking S. S. S. It gave me a better appetite and cleared my skin of pimples and blackheads."

Carefully selected, scientifically proportioned and prepared herbs and barks make up S. S. S.—the great blood purifier. Give nature a helping hand. General Public,
Portsmouth, Ohio

Dear Sir:

Now that we are in our new home we feel that it is necessary to make some explanation as to why we are here and what we intend to do.

The Utility Printing Co. was established, primarily because Portsmouth had outgrown her printing facilities. Many business men have been forced to have a large amount of their printing done in other cities. In such cases, neither Portsmouth or the business men are benefited.

We have installed in our plant the very latest automatic machinery, which will enable us to do printing of every description—everything from calling cards to the highest grade catalogue and book work. This will eliminate the necessity of Portsmouth printing leaving home.

Our policy will be to deliver work "How you want it, when you want it, and where you want it," at prices most reasonable. To avoid the possibility of patrons finding fault with our prices we intend to keep our cost records open for inspection.

It is our wish to push Portsmouth and to have Portsmouth push us. May we expect your help?

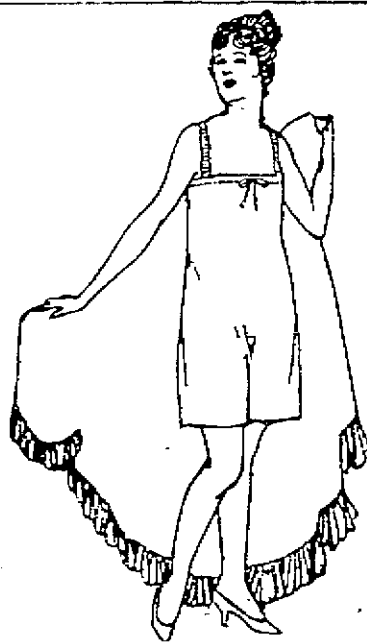

Very truly yours,

NFG. FD

Heart and Kidney Diseases Caused By Torpid Liver

Blood carries body poisons through the system to vital organs

To clear our systems of poison toxins that taint the blood and break down health, we must keep the liver regulated.

Medical science now knows that the liver is our most important organ because it destroys the body poisons that cause disease of the heart, kidneys, blood vessels, create high blood pressure and premature old age.

When the liver becomes torpid, these poisons, instead of being destroyed, are carried through the system by the blood. Then Nature gives quick warnings. You have sudden sick headaches, dizzy spells, nausea when even the sight of food makes you sick. If your stomach is acid from sour bile and your skin becomes sallow or blotchy, you may know poisons are in your blood.

Science now has found the only way to keep the liver normal. Doctors know the liver cannot be regulated by drugs, but there is a safe Nature substance which will act directly on the liver. The discovery is purified ox gall.

Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents each.—Advertisement.

Calls Proceedings Shameful Insult

MUNICH, April 2.—(By the A. P.) — General Erich Ludendorff, the master strategist of the German army in the World War, has been acquitted of the charge of treason in the court he played the "beer garden" revolt at Munich last November. It was a popular verdict, and in anticipation of it great masses of flowers had been placed in front of the former German first quartermaster general, and one of his codefendants, Adolf Hitler.

Hitler did not fare so well. He was sentenced to five years confinement in a fortress, together with former chief of police Poelcher. Their confinement, however, will extend over only six months and the remainder of the time will be on probation.

"I consider my acquittal and this entire proceeding an ignominious affront to this uniform and the honor insignias which decorate it," the general informed the court.

HOUSTON, TEXAS, April 2.—Russ Ford, 32, actor, his wife, Irene, 24, and their four year old daughter, formerly of Evansville, Ind., were burned to death in a rooming house fire today.

City officials began an investigation to determine whether this and several other recent hotel fires were of incendiary origin.

Recalling that President Roosevelt once suggested some such arrangement, Mr. Bryan said the senate disclosures had prepared the public mind for acceptance of the practical details of the plan and advocated action so it could be employed in the 1924 campaign.

The formal announcement of candidates would be placed before the people under the plan in a bulletin issued by the government, and there would be an additional appropriation from the federal treasury amounting to ten cents per voter, appropriated among parties according to their last recorded strength.

C. & O. ACQUIRES A. C. & I. RAILROAD

ASHLAND, Ky., April 2.—Sale of the Ashland Coal & Iron Railroad to the Chesapeake and Ohio Railroad company, was announced here today by the American Rolling Mills company. The deal was said to involve approximately \$4,100,000, and was described as "cash."

The A. C. & I., originally built by a group of local capitalists, and sold about two years ago to the American Rolling Mills company, is 48 miles and extends from Ashland to Seaton, just beyond Denton. Side tracks and yarding in Ashland, are also included in the transaction.

Since the acquisition of the road by the American Rolling Mills company, three passenger trains daily and a number of manifest and other freight trains have been operated by the company. Twenty-one miles of the trackage has been leased to the Chesapeake & Ohio railroad for some years, and is used as part of their main line.

The official staff and board of directors of the A. C. & I., which resigned yesterday, is as follows:

J. H. Frantz, Columbus, president; J. C. Miller, Ashland, vice president and general manager; Frank R. Moore, Ashland, secretary and treasurer; Calvin W. Verity, Middletown, Ohio, treasurer. The directors: Mr. Frantz, Mr. Miller, Mr. Verity, Ralph H. Sweetser, Columbus; John W. Patton, Mr. Coles Peebles, Ashland; John Russell, Ashland; Charles R. Hook, Middletown, and Ralph C. Caldwell, Cincinnati.

Had How: Fined

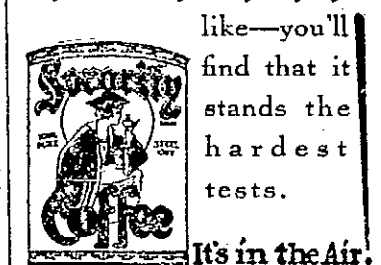

Albert Grooms, 28, was fined \$20 and costs for intoxication, and Ed Hudlin, 24, was assessed \$5 and costs for disorderly conduct by Judge Sprague in Municipal court Tuesday. The arrest of the pair grew out of a disturbance which the police were called to quell in the vicinity of Eighth and Campbell avenue last night.

Oscar Lewis, 24, picked up last night by the police for drunkenness, was taxed \$10 and costs, and Russell Adams drew a similar penalty for the same offense.

Bandits Rob Bank Car

MONTREAL, April 2.—(By the A. P.)—A bank employee and a bandit were killed yesterday and another bank employee was slightly wounded when eight men opened fire on a motor car and stole funds which were being transferred to the central office of the Bank of Montreal.

Bank officials said they believed the car was carrying \$200,000. How much the bandits obtained had not been learned, but the police recovered \$40,000 from the wreck of the motor machine which struck a telephone pole and overturned. The body of one of the bandits was found in the car.

The bank's machine was proceeding along one of the busiest thoroughfares, when a hail of bullets fatally wounded the driver, Henri Cleroux. Roland Fortier, a bank teller, returned the fire until he was wounded and the bandits then seized the money bags and made their escape in another car.

Friends Avoid Catarrh Victims

Disgusted By Repulsive Nature Of Disease. World's Tonic Helping Many.

One of the worst features about Catarrh is the disagreeable, repulsive condition in which it places the victim. Many sufferers from Catarrh actually try to avoid friends because they realize the repulsive nature of the disease they are suffering from.

There is the constant ejection from the throat of a fetid, poisonous, offensive discharge from the nasal passages. There is frequent hawking, spitting and coughing. At the same time the eyes are often weak and watery and the face emaciated and the breath is foul. These things make the sufferer of Catarrh often disagreeable both to himself and those he comes in contact with.

Catarrh sufferers highly praise World's Tonic. They say it stops the dripping into the throat and the discharge of the nose almost at once. The necessity of hawking and spitting passes, the eyes grow stronger, and the fullness in the head and headache leaves quickly.

World's Tonic is a systemic treatment that combats catarrh in any part of the system and for that reason has brought astonishing results in many cases with a very short time. Sold at Service and all other reliable druggists at \$3.00 a bottle. —Advertisement.

REFUSE TO INDICT "SUNDAY VIOLATORS"

JERSEY CITY, April 2.—(By the United Press)—A grand jury refused to return indictments against 25,000 alleged violators of the Sunday Blue laws framed in 1798. It had been estimated that at least this number had offended the vice and morality act which had been on the statute books since 1798.

Unusual use of radio outposts, eating of ice cream, soda and the playing of golf on Sunday.

"If the grand jury were to indict all the offenders," the grand jury said in a statement handed up to Justice Minturn, "the criminal courts of this country would be so clogged with business that prosecution and apprehension of criminals who outraged the criminal laws would go unpunished, while the courts would be pursuing persons who were not deserting themselves as it was said they should in 1798."

That was the style then, but not now. Today's man doesn't want the toes of his shoes to point toward the sky. In Smith Smart Shoes this up-bending tendency has been overcome. Aircraft

(Continued from Page One)
after he had renewed the charges regarding the sale of the Bosch-Magneto Company and had declared that on the very day the army airplane engine was destroyed at Norfolk in 1921, he had tried to start a department of justice inquiry into that subject but had been blocked by William J. Burns.

It was his judgment Scaife said, that the Wright-Martin case was "one calling for indictments." Pressed by Senator Moses, Republican, New Hampshire, he named Secretary Weeks, former Attorney General Daugherty, Charles Hayden, chairman of the Wright-Martin board, and Guy D. Goff, former assistant attorney general as those who should be indicted.

The indictments the witness said "should be drawn up on charges of conspiracy to defraud the United States government."

"But all these facts," Senator Moses intervened, "concern things which took place in 1918 and 1919 when Mr. Weeks was not secretary of the war."

"But these letters were written after that," said Scaife referring to correspondence about proposed prosecutions.

Scaife said his investigation into the Wright-Martin case was completed and the matter ready for suit before he left the department of justice, but that "they refused to bring suits."

"Captain Luke McNamie, head of the military intelligence service was quoted by the witness as saying the Mitsui Corporation, a Japanese concern, by their ownership of the Standard Aircraft Corporation, had obtained plans and built experimentally almost every type of military plane."

Scaife also repeated his charge that the government had sold the Bosch-Magneto property, seized from German owners during the war to Martin Aircraft for a "grossly inadequate" consideration.

George W. Wickensham as attorney for Mitsui and Company, got "special favors" and exercised "undue influence" with the department of justice, Scaife asserted. He put in a copy of a letter from Wickensham to James M. Weeks, now acting attorney general, asking the latter to assist in getting the Supreme court to set down a motion for argument. This letter Scaife observed, showed the "closeness" of the relationship and the operations of what he called the invisible government.

Taking up the Wright-Martin Company case Scaife said that the company's minutes showed that it had been agreed by the directors that eight percent would be a fair profit on war contracts for planes while the audit of the company's books showed that "270 percent net profit" had been taken. He showed that the audit also disclosed an overpayment by the government to the company of \$8,267,000.

The witness said he had reported the facts to Mr. Daugherty and that a promise had been made in behalf of the department of justice to institute prosecutions.

"This case had gone through every process of audit and review in the war department before it came to the department of justice," he said.

Letters exchanged between Secretary Weeks, Hayden and others in 1922, were read by the witness.

Mr. Weeks told Hayden in one of the letters that "an appeal from air service officials to himself was possible in the case of over payments."

Another letter from Assistant Attorney General Lovett to William Hayden, district attorney in New York, dated November 15, 1921, transmitted war department records on the Wright-Martin over payment case and directed that recovery proceedings be started.

In a letter dated November 21, 1921, Weeks told Hayden he would request the department of justice to take no further action in the case until Weeks had talked with General Manager Hoyt of the Wright-Martin Company.

On August 8, 1922, Scaife went on

Guy D. Goff, wrote to the attorney for the Wright-Martin Company, saying that suit was to be instituted.

"The department of justice was switching the case around from attorney to attorney," Scaife said. "It was taken back from District Attorney Hayward in New York, he said, and tendered to Leon B. Duer, a New York attorney."

Meanwhile, Scaife asserted, "witnesses were disappearing and the men who made the audits were leaving the service."

The committee recessed until tomorrow.

Income Tax

(Continued from page one.)

While unofficial, the figures were believed to be almost complete.

Treasury officials declined to estimate whether the month's payments can be taken as a basis for calculation of the year's receipts because for the first time the treasury has been unable to ascertain with definiteness what percentage of payments represented full remittance of taxes and what part of the amount paid was first installments.

Total payments for the year have been estimated at about \$1,825,000,000, but the March payments cannot be defined properly as one-fourth of the amount expected, because of the opinion of officials of the uncertainty of congressional action on a 25 percent reduction has caused a wide variation in the usual first payments.

Receipts under the head of income and profit taxes for March were \$200,325,000 but at least two large items aggregating almost \$20,000,000 in back taxes were included.

Dead Not Guilty
Charles McDermott, arrested in Cambridge, Pa., and returned here to answer a non-support complaint, pleaded not guilty when arraigned in Municipal court Wednesday and he was released on \$500 bond pending preliminary hearing.

LOCAL NEWS

George Watters, Jr., of Center street, who has frequently collaborated with curators of Ohio Archeological museum, announces that four burials, thought to have been of the Mount Builders' age, have been unearthed north of the city in a gravel bank.

The skeletons were well preserved but the skull of one was crushed. The culture of the burials was determined by copper ornaments common to the Mount Builders, but heretofore rarely found in this section of the state. The copper breast plates and other ornaments show well developed science of the race that buried the bodies.

The location of the find will not be disclosed by the local man as the place is being preserved for exploration by officials of the museum which has a number of other finds from this same mound.

Frank Foster, who formerly resided in Portsmouth suffered a broken leg Tuesday when run down by an automobile in Cincinnati. He is employed in a shoe factory there. He formerly resided in the North End here and worked in the shoe plant.

BRACELETS

Of all the jewelry presented at the moment the bracelet is the most popular. Slender bands of diamonds or sapphires are the rage.

INITIAL PINS

Monogrammed pins, formed of very small brilliants or pearls, are worn with the new turbans and chokers.

Ferry Service To West Side

A first class ferry service is being offered West Side residents who find it necessary to come to the city on business, and workers who make the trip back and forth every day when a way is provided. The West End Improvement Association arranged for the ferry service with the Portsmouth Sand and Gravel Company late Tuesday. Their gasoline towboat used in towing barges of sand and gravel is being used along with a good sized river bridge on the half hour and

Union Mills on the hour. It takes about eight minutes to make the trip across the high water between the bridge and Union Mills. Inability to secure proper landings for vehicles is all that prevents the carrying of automobiles and wagons.

Lykins and Davis who operate the West Side bus line have a bus on the West Side and one in the city. One operates from the bridge to Market street and the other from Union Mills north on Galena pike.

TRENTON, N. J., April 2.—(By the Associated Press)—David Lamar, "Wolf of Wall Street," has given up his fight to escape service of the one year imprisonment to which he was sentenced several months ago for conspiracy to cause strikes along the New York water front and prevent the shipment of munitions abroad during the world war.

Today he withdrew his appeal of Judge Rellstab's recent ruling upholding the conviction of the "Wolf" in which the court decided that Lamar had been sent to the wrong place of confinement.

Under Judge Rellstab's decision Lamar will be taken back to the federal court of the third district of New York for re-sentencing.

Admits Robbing Pals at Point of Gun

Jackson Blackley, 27 years old, negro, arrested last night by N. & W. detectives on a robbery charge, pleaded guilty when arraigned in Municipal court Wednesday and was ordered held until Thursday for preliminary examination by Judge Sprague under \$500 bond.

In a statement to the court Blackley admitted that he robbed several of his companion colored men, employed in an N. & W. construction camp near Lucasville, last

Sunday by the simple process of forcing them at the point of a revolver to drop their money into his hat which he placed on the table when a game of "skin" broke up in a row. He said that he obtained \$72.50 in this manner and was "beating it" for other crimes when apprehended by the officers. The defendant's victim will appear in court Thursday to testify against him.

Organize Teams to Wipe Out Church Debt

From the singing of "Blest Be the tie that binds," until the dismissal prayer, a spirit of Christian kindness, love and good will, with a touch of enthusiasm, prevailed at the organization meeting, which inaugurated the campaign to wipe out the remaining indebtedness of the handsome new United Brethren Church, corner of Seventh and Tenth streets. About seventy-five persons gathered in a private dining room of the church, and so eager and enthusiastic were these persons in their undertaking that all remained until a late hour when the details in the preliminary campaign were disposed of.

General divisions, constituting eighteen teams each, of two persons to a team, were formed with M. Streich as Captain of the church division and Marion Brosch as Captain of the church division. The Ladies and Ladies Aid will vie with each other for honors in the Big Drive which will culminate in the public services at the church on Palm Sunday, April 13th, when Dr. J. M. Phillips, pastor of the Religious Telescope, will be the special guest of the congregation.

"Blest Be the Tie That Binds," "Onion," "There is Strength in Union," "Give Something," and "Every Good Giving Something" were passed as key notes for success in the undertaking, and judging from the enthusiasm displayed in the final meeting success has already been achieved in the minds of the members. J. F. Menke, President of the Board of Trustees, called the meeting to order at six o'clock Wednesday morning to tell him that he had never experienced anything like it in the long years he had been connected with the church.

The church debt is \$23,000 and a campaign is for the direct purpose of wiping out the debt. The annual cost of the church amounting to over \$80,000 has been paid, a deficit being \$10,000 for a new steam heating plant installed three years ago, and accrued interest on the original investment provided for at the day of dedication in 1918.

The teams that will make the campaign for pledges are:

Frank Carson, John Voelker, John Moeller, E. W. Smith, Geo. White, Geo. Swabby, Bruce Tudor, Fred Larcamp, Frank Moon, Ralph Bowser, Wm. Willis, S. Hollman.

TO RESUME THE FLIGHT TOMORROW

SEATTLE, WASH., April 2.—(By the Associated Press)—Final tests of the four United States Army airplanes attempting to fly around the world, will be made today prior to the scheduled start tomorrow for Prince Rupert, B. C., on the next leg of the 23,000 mile trip.

Major Frederick L. Martin, commander of the aerial armada, announced that if the weather is inclement tomorrow, the flight to British Columbia will be delayed.

British Stirred Over Rent Bill

LONDON, April 2.—(By the Associated Press)—The reddest piece of work yet attempted by the labor government, is the description applied by the ministry's opponents to the bill dealing with rents and evictions which comes up for its second reading in the house of commons today and which promises to set the political heather alight.

Its sponsor is the minister of health, John Wheatley, whose action in giving virtually a free hand to the Popular Guardians in the matter of unemployment relief raised a storm which for a time seemed to threaten the existence of the infant government.

The feature of the bill which repeats some recent legislation, is that a tenant shall not be liable to eviction for non-payment of rent when such non-payment is due to the tenant's inability to get employment. All the provisions of the measure are retroactive.

Its opponents contend that the actual tenant of a house may be unemployed while others of his family are earning money and thus well able to meet his obligations.

A big struggle over the bill is deemed inevitable and the suggestion is made in some quarters that the government is riding for a fall.

Bitten By Dog

Sheldon Edwards, 14 year old son of Mr. and Mrs. N. D. Edwards, 918 Third Street, was bitten on the right hand by a dog, Tuesday. The boy had taken morning papers to New Boston and was playing with a dog when the canine grabbed the lad's hand which held a stick the dog was after. The wound was cauterized in Schirmer hospital. The boy is suffering with no ill effects as a result of the bite.

Chorus Girls Out of Work

NEW YORK, April 2.—(By the Associated Press)—At least 3,500 chorus girls are out of work in New York, it is estimated in theatrical circles. The closing of the season for road shows soon will bring the number to 5,000, it is believed.

Bad business, high railroad rates, excessive expenses and the controversy between actors and managers were given as the chief reasons for the large number of unemployed. Ordinarily dozens of spring and summer shows, many of them of the musical variety, would be rehearsing at this time, but now there are only three or four.

Peppen Amazes Portsmouth; Fisher & Streich's Crowded

The work of J. E. Young, who is now at Fisher & Streich's Pharmacy, corner Sixth and Chillicothe Sts., introducing his medicine, Peppen, continues to attract widespread attention here.

This new medicine for stomach, liver and kidney troubles is apparently giving universal satisfaction. In talking to a representative of The Portsmouth Daily Times, Mr. Phil M. Streich, head of Fisher & Streich's Pharmacy said: "The statements which Mr. Young and I are receiving from Portsmouth people who have been taking Peppen is proof of the extraordinary value of this remedy. Its success is wonderful."

"Not only every day, but almost every hour someone comes in to tell us how Peppen has relieved them of ailments of long standing. Mr. Young, who is now in my store introducing this medicine has logical views on the preservation of health, state the glands of the stomach, the liver and the kidneys. It is recommended for gas or bloating, indigestion, tired and run down feelings, too frequent kidney activity and nervousness."

The genuine Peppen is packed in a white and blue carton and may be obtained in Portsmouth only at Fisher & Streich's Pharmacy, corner Sixth and Chillicothe Sts., where J. E. Young may be seen daily explaining the uses of his medicine. — Advertisement.

Relief Comes Quickly

"I had been in a run down condition all winter," said Mr. Price. My kidneys were giving me lots of trouble. Every day I had a pain right across the small of my back. This pain hurt me so at night that

I could not get to sleep for hours. I would have to get up three or four times every night too. When morning came I was as tired as though I had not gone to bed at all. I had that worn out don't care feeling. It was as much as I could do to get out of bed.

"One of my friends recommended this Peppen to me and I went down to Fisher & Streich's and got a bottle.

"Peppen has surely done wonders for me. The pains in my back have disappeared. I now sleep well and do not have to get up at all. I am more than glad to recommend this medicine to the people of Portsmouth because I know from experience that it is a fine medicine."

This medicine Peppen, which Mr. Price has recommended is an herbal remedy. It is composed of many different roots and barks which are gathered in seventeen different countries in the world. It will stimulate the glands of the stomach, the liver and the kidneys. It is recommended for gas or bloating, indigestion, tired and run down feelings, too frequent kidney activity and nervousness.

One of the pleasant social events of the week in musical circles was the evening in the attractive home of Mr. and Mrs. Joseph Duen on Huntington's Lane. The artist on this delightful occasion was Philip Gordon, pianist. Mr. Gordon will be remembered as the pianist who captivated a large and appreciative audience at the High School Auditorium on Monday evening when he played as a substitute member on the High School lecture course. His program last night included the following numbers, which were very much enjoyed by those fortunate enough to be present:

Pastorale and Capriccio—Scherzatti-Tausig.
Gavotte—Gluck-Brahms.
Country Dance—Beethoven-Beiss.

Two Perish As Result of Burns

CLEVELAND, O., April 2.—(By the Associated Press)—Two children, one six months old and the other five years, today were dead as a result of burns sustained last night.

An explosion of a vapor lamp, which former say had been attached to the crib of six months' old Patricia Roberts, brought death to the child despite efforts of hospital physicians and nurses. The lamp had been attached to the child's crib in her home to relieve her cold, firemen said.

Edith Lagrange died in a hospital from burns, suffered it is believed, when her dress was ignited while playing before an open gas grate in her home.

Senator Willis Favors Big Loan To Germany

WASHINGTON, April 2.—(Special.)—Senator Frank B. Willis of Ohio has made it known that he will support the \$100,000,000 loan to Germany when that measure comes before the Senate Foreign Relations committee, of which Willis is a member.

In the form in which it passed the House, the bill resolution calls for extension of \$10,000,000 worth of relief by this government to Germany, subject to capable supervision and expenditure by experienced workers in foreign relief, including Secretary of Commerce Herbert Hoover. Representatives Burton, Cable, Cooper, Davenport, Begg and other prominent Ohio members voted in favor of it after several hours of debate.

ROOSEVELT DEFEATS WOMAN

NEW YORK, April 2.—(By the Associated Press)—Theodore Roosevelt, assistant secretary of the navy, was elected as a delegate to the Republican National Convention in yesterday's primaries. He and Robert S. Politer, a political candidate, were elected in a Long Island district defeating Mrs. Ruth Litt, Independent.

In Westchester, August Thomas, political writer, was defeated by Oscar Leroy Warren, the county Democratic leader, as delegate to the Democratic convention. The regular organization workers charged that Mr. Thomas' candidacy was an attempt on the part of Tammany Hall to gain control of the county machine. It has been stated that Mr. Thomas, who is known as a powerful orator, would make the nomination speech for Governor Smith at the convention in June.

District delegates to both national conventions were elected throughout the state. No candidates for presidential nominations figured in the voting.

**BOND TRADING VERY LIGHT;
RAILROAD ISSUES ARE STRONG**

NEW YORK, April 2.—With trading activity continuing light and restricted to some extent by wire trouble, bonds drifted easily in today's early dealing. Chief speculative interests attracted to renewal of an upward movement in Erie Railroad issues, which, responding to an advance in the company's stock, sold with St. Paul firms in activity. Reflecting growing confidence in the French financial situation which was aided by the return of the franc to near the six cent level, French governmental and municipal issues, improved in tone, the Republic 8's mounting a rally to 30. Heaviness developed in several industrial issues, including Illinois Steel 4's and Pierce Oil 8's, the latter being influenced by the company's plan for financial readjustment.

OILS SHOW STRENGTH ON CURE MARKET

NEW YORK, April 2.—A pronounced bullion tendency was shown on the currency exchange today at the beginning of business. Oil stocks were increased demand partly because of a further advance in price in crude oil announced today and on general reference to the fact that the industry is now approaching its period of greatest consumption.

Nearly all the Standard Oil issues were established at substantial gains. Prairie Oil again was most prominent in that group and advanced about two points. Vacuum Oil was actively traded in and made a fractional gain, and absorption was in evidence again in Standard Oil of Indiana. South American issues were among the strongest features in the oil group, International Petroleum and Lago Oil being in demand on a large scale at fractional gains. Galena Signal rose more than one point, and Standard Oil of Kansas moved up about one point. The greatest gain was in Standard Oil of Nebraska which rose eight points on a small volume of business. Standard Oil of Ohio started with a gain of three points but recoiled in the later trading. Salt Creek Producers moved up fractionally in the announcement of an increase in distributions.

Industrial issues were in moderate demand, DuPont being the strongest feature in that group. Glenn Aldrich Coal was fairly active at a fractional advance and other coal stocks were strong. Lehigh Valley Coal sales moved up one point and a fractional advance was made in the Lehigh Valley Coal when issued. Iron or stocks were quiet, with some sales in that group in supply at concessions. There was initial trading in Key Copper Corporation stock, which was the most active issue in the mining group, buying being attributed both out of town sources and local interests.

OBITUARY

Mrs. Ellen Cecilia Stanton
One of the gentlest and noblest
spirits that Portsmouth womanhood
has ever known, passed from its
mortal habilitations when Mrs. Ellen
Cecilia Stanton, of Ninth street,
went to the reward of those who
know and serve God. Death came
through a stroke of paralysis, which
attacked her violently Sunday morn-
ing, and caused her death at nine
o'clock Wednesday morning, she re-
taining consciousness until a short
time before the end.

In maidenhood Mrs. Stanton was
Miss Gallagher, and she was born at
Pottsville, Pa., on July 25th, 1845.
November 14th, 1866, she married
John Stanton, a prominent and pros-
perous merchant of Jackson county,
who died in 1898. The following
year the widow moved to Port-
smouth and resided here until her
death. Of the family of eleven chil-
dren, she bore of the union four suc-
cessive sons, Edward, of Columbus,
Elmer, of Kansas City, Nello, at
home, and Frank E., of this city,
together with her granddaughter,
Mary Vallee Harold, who had always
united her home with her.

Mrs. Stanton possessed all the vir-
tues that make the admirable neigh-
bor and mother. Her sweetness of
character and charity were an over-
flowing font. The lusty and unkind
word was unknown to her lips and
her good deeds were manifold. So
unassuming was she in act and
benevolence that ever did she illus-
trate that the left hand should not
know the worthy work the right
hand wrought. All her long life, of
more than seventy-eight years, she
was a devoted and devout Catholic.

The funeral will take place Fri-
day morning at nine o'clock from
Holy Redeemer church, with Rev.
J. E. McGuirk officiating. Interment
will follow in Greenlawn ceme-
tery.

Mrs. Margaret Lewis

Fred, of Oak Hill; Steve, at home, and
Mrs. Toni Davis of Sardis. Also four
step-children, Mrs. Jane Lewis of
Kokomo, Mrs. Mary Evans of Penick,

of his brother, Eugene Hammel, of

Katherine Louise Alexander
Katherine Louise Alexander, born
March 16, 1910, departed this life
April 2, 1924, at the age of 13 years
and 16 days. She had been ill two
weeks with influenza, the final sum-
mers coming about 1:30 o'clock this
morning.

She was the second daughter of
Gordon and Mildred Alexander, of
Harrisonville avenue, New Boston.
She leaves to mourn her death, be-
sides her grief stricken parents, two
little sisters, Lucille and Cleo.
Other relatives are her grandfathers,
J. R. Alexander, St. Paul, Ky., and
W. R. Gordon, Malton, Ky., un-
cles W. M. and Perry Alexander,
Fullerton, Ky., Albert Alexander,
New Boston, Frank Alexander, St.
Paul, Ky., B. P. and E. J. Gordon,
Portsmouth, Robert, Samuel and
W. H. Gordon, Malton, and
aunt, Mrs. H. T. Fairman, and
Mrs. W. E. Bittner, Portsmouth.
Mrs. R. O. Damm, Sloman, Ky.,
Mrs. Martha Wheeler, Malton, Ky.,
Mrs. Harry Besco, Columbus, Mrs.
Sadie Peck, St. Paul, and Mrs. Roy
May, Riverton.

This dear little girl had endeared
herself to all who knew her and
her sunny smile and winning per-
sonality will be missed by everyone,
especially in the home where she
manifested her lovely spirit by acts
and words far beyond her years.

The hand of death fastened upon
her and although everything human
hands could do was done, it was
of no avail. It was God's will
that this young life should be
called to come unto me, for of such
is the kingdom of heaven.

Over the river the boatman pale,
Carried another, the household pet.
Her brown hair waving in the
gentle gale.

Darling Katherine, I see her yet,
But she crossed her hands on her
bosom pale,
And fearlessly entered the phantom
bark.
We saw it glide from the silvery
sands,
And all our sunlight grew strangely
dark.

Miss Thyra Grace Spry

Another of Portsmouth's most high-
ly respected citizens died the final
call Sunday when the Master
called Miss Thyra Grace Spry at her
home, 1001 Second street, and ended
the life of a woman who spent her
time in making those about her com-
fortable and happy. Death came about
three o'clock this morning from a
stroke of paralysis.

Miss Spry had been in failing health,
suffering with infirmities for some
time, but her condition had never ap-
peared a stage where it was con-
sidered serious. She had not been
bedfast and was able to walk several
blocks from her home Monday and
yesterday was up and around as usual.
About three o'clock this morning she
awakened and a few seconds after
arising from her bed suffered a stroke
of paralysis that brought the end
of her life. Her condition was greatly
aggravated by a nervous attack from
which she apparently had rallied.

Miss Spry was the fifth child of
Richard Spry, born in Cornwall, White-
stone Parish, England, March 5, 1860,
and Elizabeth Hicks Spry, born in
Cornwall, June 20, 1811. The parents
came to this country in 1834 and were
shipwrecked on the shores of Long
Island. They settled in New York
city and later located at Honesdale,
Pa. Miss Spry was born at Honesdale
and two years afterwards, about
1847, the family moved to this section,
located at Springville, what is now
known as South Portsmouth. After
a year or two there they moved to
Portsmouth. The Spry homestead was
on Third street, east of the city. She
lived at 1001 Second street, where her
sister, Mrs. Francis Helfenstein makes
her home.

The father passed away February 12,
1882, and the mother died November
1886. Other children in the family
were Mas Emma Spry, who died in
1873, Robert N., who passed away in
1877, Mrs. T. J. Pursell, who was
claimed by death in 1901, and Daniel
R. Spry in 1915. The only surviving
close relative is the sister, Mrs. Hel-
fenstein. Mrs. Robert Spry Whitelee
of Charleston, S. C., Miss Mary R. Pur-
sell and Miss Tarnie C. Pursell, 1638
Fifth street, were nieces of Miss Spry.

A woman of remarkable memory
and vitality and of a self-sacrificing,
lovable disposition, is what friends say
of Miss Spry, who spent her entire
life as a woman of the home. She
possessed a remarkable force of
character, and had a legion of friends
who will be sorry to learn of her
death.

Miss Spry was a communicant of All
Saints' church for some time and had
always lived the life of a true Chris-
tian. She was also a member of the
Portsmouth Reading Club and New
Century Club.

Funeral services will be conducted
from the home on Second street, Fri-
day afternoon at four o'clock, with
Reverend Harold Holt of All Saints'
church in charge. The remains will
be laid to rest in Greenlawn.

lage shortly after eleven o'clock to-

tions superinduced by infirmities in-
cident to age.

Mr. Scott was born at Mt. Joy,
being a son of one of the pioneers of
that part of the county, and spent
practically his entire life in that
section. He conducted a mercantile
establishment at Harden successfully
for several years and retired about
ten years ago. He was a splendid
citizen and a prominent figure in the
affairs of the village for many years.

widow, Mrs. Cassie Scott, and a son,

Harden, and a daughter, Mrs. Lois
